Unfortunately, I couldn't attend the accepted university due to a lack of scholarships to cover the costs.

**Competitive College Club member** 2021 was pivotal for me during the COVID-19 pandemic. Initially upset about not attending my dream STEM school, I focused on studying abroad instead. I attended sessions with Education USA Egypt and, despite the pandemic challenges, was accepted into the Competitive College Club in 2023, which deepened my understanding of studying abroad.
